BOOK SYNOPSIS

Frank Serafini has written extensively on the reading workshop, and in talks around the country, he's answered the tough questions about teaching through this powerful medium. Now in *Around the Reading Workshop in 180 Days*, his most practical book to date, Serafini answers your most frequently asked questions and shows you the daily ins and outs of the workshop. Picking up where his bestselling titles *The Reading Workshop* and *Lessons in Comprehension* left off, Serafini gives you month-by-month strategies for running a reading workshop across an entire school year. He provides everything you need to change the way intermediate and middle level students think and talk about reading, including: *instructional strategies *how-tos for organizing *ideas for lessons *ways to connect reading and writing instruction *assessment and evaluation techniques *tips for helping students choose books *lists of recommended children's literature for your students and recommended professional resources for you. In addition, classroom teacher Suzette Serafini-Youngs illustrates Serafini's ideas with "Windows on the Workshop," classroom vignettes that bridge theory to practice and demonstrate with precision the teacher's role in workshop-based reading instruction. Whether you're a thirty-year veteran or a novice teacher, go *Around the Reading Workshop in 180 Days* with Frank Serafini and take your students on a memorable journey into literacy.
