BOOK SYNOPSIS

Where: A quiet fishing village in northern Iceland, where no one locks their doors. It is accessible only via a small mountain tunnel. **Who:** Ari Thor is a rookie policeman on his first posting, far from his girlfriend in Reykjavik. He has a past that he's unable to leave behind. **What:** A young woman is found lying half-naked in the snow, bleeding and unconscious, and a highly esteemed elderly writer falls to his death. Ari is dragged straight into the heart of a community where he can trust no one, and secrets and lies are a way of life. Past plays tag with the present and the claustrophobic tension mounts, while Ari is thrust ever deeper into his own darkness—blinded by snow and with a killer on the loose. Taut and terrifying, *Snowblind* is a startling debut from an extraordinary new talent.
